In Attendance: Belle Belew, Michele Bollinger, Rebecca Bradshaw-Smith, Patrick Cassidy, Robin Chait, Sam Frumkin, Zerline Hughes Spruill, Patricia Milikin, Maria Perisic, Karin Perkins, Kim Martin (Principal)

2018-19 LSAT Chair Sam Frumkin called the meeting to order at 7:08 am.

I. Enrollment
   • Enrollment count ended 10/7/2019
   • Amount we are getting funded for is 1870 but we have 1885 students
   • Projected enrollment was 1865
   • 9th grade enrollment is 565 – that’s a typical size
   • 86% of 8th graders chose Wilson

II. Student Activity Fund
   • The SAF account is permitting some reimbursements for allowable expenses
   • Income from rental facilities can’t be put in the SAF
   • Income from ticket sales going into the SAF
   • No definitive news on when Wilson will be able to get a percentage of rental income

III. Class ranking
   • Submitted a petition to try to eliminate class ranking
   • Response was that DCPS wants to take time to think about it
   • Ms. Martin is meeting with Sara Navarro, Chief of Secondary Schools

IV. Ward 3 Wilson Feeder Education Network
   • There are ward-based education councils across the city
   • At last night’s meeting Will Perkins and Erin Roth shared findings about how at-risk funds are being spent
     o DCPS is using at-risk funding to run schools
     o Within schools they find that the higher the percentage of at-risk students, the more at-risk funds are being used to supplant base funding
     o Schools with low percentages of at-risk funds—using base funding to fund related arts teachers
     o There’s little supplemental funding going to fund additional staff
     o Finding that DCPS is being underfunded and at-risk funds are being used to compensate
     o Using this report as a key argument for more funding
• Facilities in the Wilson feeder pattern
  o There are a few additions planned within the Wilson feeder pattern through 2025, including Key and Deal, among others
  o There was a lot of feedback that facilities has not engaged early enough with school communities
  o Will try to set up a meeting with school leadership

V. Meeting with president at UDC
• Ms. Martin met with UDC president and talked about ways to partner
• Will start putting together an articulated agreement for dual credit
• Need to get approval from central office

VI. Staffing issues
• Have one vacancy--special education English
• Also have a retirement and a social worker going on maternity leave
• Will look for long-term subs

VII. Physical plant
• All exterior doors were supposed to be replaced, but haven’t seen action on this
• Ms. Martin will reach out to DGS and see what the schedule is *(Post-meeting update, door replacement scheduled by DGS for late October/early November)*
• Bathrooms are working
